About us

Established in 2023 in İzmir, Turkey, Express EPC is a limited company dedicated to meeting the diverse needs of industrial projects, particularly those in Engineering, Procurement, and Construction (EPC).

With a deep understanding of the industry's complexities, we specialize in supplying high-quality piping, electrical, instrumentation, steel structures, equipment and spare parts, as well as construction materials. Through our strong global sourcing network, we serve clients in both local and international markets via efficient import and export operations. By leveraging these networks, we ensure the fastest possible delivery to project sites — helping our customers meet their needs on time and within budget.

Our expertise is built on a comprehensive knowledge of project materials management. We understand the critical importance of reliable suppliers in resolving challenges swiftly and supporting the seamless execution of every project phase.
